Gallery Information

The Gallery DIE KUNSTAGENTIN is located in the heart of the district Belgique in Cologne and showcases artists in the context of an international movement that blurs the boundaries between urban and fine art. The Gallery is working with an existing network of established international and upcoming artists, which are influenced by Street Art, Graffiti and Pop Art.

The exhibition space is an active platform for cultural experiences that feature and celebrate the exchange of the vibrant international art scene. The location provides a clean 70m² Gallery room as well an 300m² exhibition hall.
