## Gallery Information

PYTHONGALLERY is an active and dynamic gallery based on the lake of Zurich/Switzerland. The Gallery program represents national and international contemporary positions that are covering a wide range of media, from drawing, painting, sculpture, photography and installation to video and new media art. Our exhibitions offer a diverse array of thematic, aesthetic and political concepts, highlighting an exciting approach to contemporary art that is both progressive and thought-provoking.

To ensure that artist represented by the Gallery gain and retain international exposure we take part in a variety of international art fairs such as in London, Zurich and Basel.
